Executive Summary

Education remains one of the most powerful tools for breaking the cycle of poverty and creating sustainable social change. Yet, for many students, the lack of a safe and dedicated space to study is the most fundamental barrier.

Many children and young learners from underprivileged communities lack a quiet, well-equipped place to focus on their education. Without a proper study environment, even motivated students struggle with concentration, access to resources, and academic progress.

OUR CORE INITIATIVE

The Safe Learning Campaign centres around establishing and operating a — a fully-equipped community library where students can access books, study materials, mentorship, career guidance, and a supportive learning environment free from distractions.

This Learning Space serves as the **heart of the campaign** — a physical space where students come to study, learn, prepare for examinations, receive mentorship, and access resources that would otherwise be unavailable to them.

THE ORGANISATION

About PFMECT

Premwati Fakirchand Memorial Educational and Charitable Trust (PFMECT) is a registered non-profit organization dedicated to improving lives through education, healthcare, community development, and social welfare initiatives.

The Trust works to create opportunities for underserved communities by supporting educational advancement, promoting health awareness, encouraging volunteerism, and facilitating sustainable community development programs.

PFMECT believes that education is the most powerful catalyst for social transformation and sustainable community development.

AREAS OF WORK

- Education & Learning
- Healthcare & Wellness
- Community Development
- Social Welfare
- Volunteerism
- Skill Development

CONTEXT

Background & Need Assessment

Across India, thousands of students discontinue their education due to financial constraints, lack of learning materials, and limited educational support systems. In many communities, students simply have **no dedicated place to study**.

COMMON CHALLENGES

- No quiet, dedicated study space at home
- Lack of textbooks and reference materials
- Limited access to competitive examination resources
- Overcrowded homes with constant distractions
- Lack of mentorship and career guidance
- Digital divide and inadequate technology access
- Financial barriers to continued education

WHY A LEARNING SPACE?

A dedicated library and learning space addresses the most fundamental need — providing students a safe, well-lit, resource-rich environment where they can focus entirely on their education. It becomes their second home for learning.

Vision & Mission

VISION

To create a future where every child has access to a safe, dedicated learning space — a place to study, grow, and build the foundation for a better life.

MISSION

To establish and operate community Learning Spaces — fully-equipped libraries that provide students with books, mentorship, career guidance, and a supportive environment for lifelong learning.

GOALS

Campaign Objectives

The Safe Learning Campaign aims to:

1. Improve access to educational resources
2. Support students from economically disadvantaged backgrounds
3. Encourage continued education and reduce dropout rates
4. Promote career awareness and skill development
5. Create a supportive learning ecosystem through community participation
6. Strengthen educational opportunities for future generations

Target Beneficiaries

The campaign primarily serves:

- School students
- College students
- Competitive examination aspirants
- Economically weaker families
- First-generation learners
- Rural & urban underserved communities

INTERVENTIONS

Program Components

A comprehensive set of educational interventions designed for maximum impact.

Program Components

CORE COMPONENT

The Learning Space — A Dedicated Library

The Learning Space is a fully-equipped community library that provides students with:
